MY IIM View This is the user's personal library of content.

The nav bar at the top does 3 things:

- > Manages the Libraries by pressing Set Up Gear
- > Accesses the IIM Library - which is a separate screen view - by pressing the library icon.
- > Shows Message Alerts from both My IIM and the IIM Library.

See next mock up below for Managing the libraries.

Managing Libraries from within the app >'Gear' (to open My IIM Library viewer; then select the action button to access a pop up menu for 1 of 3 options

- > Add Content
- > New Folder
- > Cancel

New Folder icon appears in upper left, user types new folder name, then >Done [or] >Add Content If Done, folder is added to Navigation panel, Manage Libraries closes and user resumes activity in My IIM.

User can delete folders in this view by pressing and holding the "x" on a folder.

See next mock up for Adding Content.
